

Note from the WebMaster

There was a time when documented information in English regarding *Opus Dei* was in very short supply. That is no longer the case. Here we have a book whose bibliography contains numerous other books, many of which are in English, and most of which impact directly on this semi-secret multi-national organization.

I am using this piece only to demonstrate this author's massive bibliography & to tell you that many of the listed works, including *Their Kingdom Come*, are available in public libraries throughout the world. I am, however, also including the **Table of Contents** so that you may have a better idea of the material the author covers in this finely researched work.

Though the author is not Catholic, he draws on a large number of highly reliable Catholic sources to provide a meaningful discussion of this organization. You will note that his bibliography contains works both pro & con, assuring a balanced presentation.

THEIR KINGDOM COME

INSIDE THE SECRET WORLD OF OPUS DEI

Robert Hutchison
